Objective

Dedicated Software Engineering student graduating May 2026 seeking entry-level position or internship in application development or related fields

Education

Iowa State University; Ames, Iowa

Expected Graduation Date: May 2026

Bachelor of Science - Software Engineering

Cumulative GPA: 3.0

Leadership and Projects

Fitness Log Application – Founder and Sole Developer (Personal | Spring 2024 - Present)

- Developed a fitness tracking web application
- Designed frontend with [React.js](https://reactjs.org/) and built backend with Golang
- Utilized Cloud services such as AWS EC2 for application hosting
- Containerized with Docker for consistent dependencies
- Achieved persistent data storage through MongoDB Atlas
- Automated Deployment with Github Actions

ePantry Application - Co-Founder and Developer (Personal | Present)

- Encouraged healthy habits with fast and simple electronic pantry application
- Built with React native for cross-platform mobile compatibility
- Streamlined application building and testing with Expo
- Powered recipe system using public recipe APIs

CyWalk Project – Frontend Lead and Visionary (Course | Fall 2024)

- Gamified step-counting and health with Android Mobile Application
- Built Frontend with Java and built backend with Spring Boot
- Leveraged public APIs such as Google Maps service to enhance user experience
- Simplified development cycle with GitLab and JIRA boards
- Automated testing and deployment with Docker

Professional Experience

Tutor Specialist – Des Moines Area Community College, Ankeny, IA (Jan. 2024 - Present)

- Tutored hundreds of learners aged 18 to 60, enhancing their understanding of course material
- Communicated complex concepts to students with variety of knowledge levels

Undergrad. Teaching Assistant – Iowa State University, Ames, IA (Aug. 2023 - Dec. 2023)

- Helped students navigate challenging software engineering coursework.
- Promoted active engagement, clarified difficult topics, and encouraged effective study habits.
- Earned a reputation for approachability and dedication to student success
